

DEATH IN A STORM
AT KUNKLE, OHIO.

MANY PEOPLE KILLED AND INJURED.

The Town of Kunkle Visited by a Severe Storm—Area Six Miles Long Covered by Debris—Heavy Storms in Other Parts of the Country—Washout at Hudson, Wis.

KUNKLE, Ohio, May 18.—A cyclone passed a quarter of a mile west of here at 4:30 yesterday afternoon, killing five persons, fatally injuring two others, and slightly wounding several more.

The killed: BARRETT, DANIEL, right leg broken, arm torn off and internally injured. BARRETT, MRS. DANIEL, legs torn from the body and entrails torn out. DASO, MARTHA, head crushed; died two hours afterward. DASO, MYRTA, injured internally; died at 10 p. m.

OXINGER, GEORGE, body beaten into a shapeless mass.

The injured: COLE, CHARLES, fatally hurt; internally. COLE, MRS. CHARLES, head crushed; will die.

GREEN, JENNIE, slightly bruised; will recover.

The scene of the cyclone is a hard one to describe. Houses, barns, fences, trees, and obstructions of all kinds in the path of the storm have been carried away and nothing left to mark the spot where they stood except huge holes in the ground. The section devastated is about one-quarter of a mile wide and six miles in length, the great funnel-shaped cloud traveling in an irregular southeasterly course. The greatest damage was done about a mile from where it rose and passed on east. The building in which Daniel Barrett, his wife and their two granddaughters, Myrta and Martha Daso, lived is so completely demolished that not even a portion of the foundation is left. The nearest remnants of the house are at least 100 yards from where it stood. The larger portion of the building, with the roof almost intact, is forty rods from its original location. Mrs. Barrett, who was the worst mangled, was carried over a quarter of a mile. There was little left of the woman's body that resembled the form of a human being.

The ground on either edge of the storm's track is strewn with featherless fowls and the debris of houses and barns. Charles Cole had just completed a large barn. All now that remains of it are six large bowlders upon which rested the structure. The heavy timbers are strewn for a mile farther on. For six miles back from the fatal scene described everything in the course of the storm has vanished as if by magic.

The whirling cloud seemed to go slow in its forward course and gave many people who otherwise would have been killed time to get out of its way. It is estimated that it took at least fifteen minutes for the storm to go its last mile. The course seemed to be somewhat zigzag and rolled from left to right, as well as upward. People for miles on either side could hear the roar and climbed on housetops and other places of eminence to witness the moving avalanche. To add to the misery and destruction rain came down in torrents. Hundreds of people from every direction flocked to the scene of disaster to view the ruins. In one house lay the body of little Myrta Daso, while in another almost a half mile distant lay the body of her sister. Mr. and Mrs. Cole are being cared for in another house.

MUCH DAMAGE DONE BY HAIL.

Storm of Widespread Area Breaks Glass and Beats Down Grain.

INDIANAPOLIS, Ind., May 18.—A wind and rainstorm with hail passed over this city at 8 o'clock last night. It blew down a few trees without serious damage to the city. Great damage is reported from the section southwest of Indianapolis. Six inches of ice fell in places.

DECATUR, Ill., May 18.—A damaging hailstorm prevailed here yesterday afternoon, the hail in some cases being as large as a man's fist. Several chunks fourteen inches in circumference were found. The damage is extensive.

NAPERSVILLE, Ill., May 18.—About 9 o'clock last night a heavy storm passed several miles south of here, with hailstones as large as eggs. Window glass was broken and the corn that was up was badly beaten down.

CLEVELAND, Ohio, May 18.—The worst hailstorm that has visited this city in years raged here for nearly an hour yesterday afternoon. Thousands of windows all over the city were broken, greenhouses were wrecked, and several runaways resulted from horses trying to escape the bombardment of ice. The damage will amount to several thousand dollars.

Bloomington, Ill., May 18.—The hot spell of the last few days was broken yesterday afternoon by a heavy hail and rain storm. The thermometer dropped 25 degrees in a short time.

HEAVY LOSSES IN NORTHWEST.

Severity of the Recent Storm Increased by Later Reports.

HUDSON, Wis., May 18.—The Jewett's mills dam, besides the new Richmond and Burkhardt dams, went out yesterday. Several bridges are out, including the Tower bridge, which cost originally \$25,000 and has now been made useless. Superintendent Scott of the

Omaha is here and estimates the damage to that road in washouts and otherwise at upwards of \$75,000. The Wisconsin Central lost 500 feet of trackage by one washout.

MILWAUKEE, Wis., May 18.—It is reported here that another twenty miles of track of the Omaha road is washed away at Bloomer, Wis.

RED WING, Minn., May 18.—The Rush river valley is a scene of complete devastation. From meager reports it would seem the loss will reach \$100,000 or more.

HARRISVILLE, Mich., May 18.—A severe rain storm last night carried off three dams and two bridges. About 100 acres are submerged and the water is running down the principal streets at a furious rate.

Part of a Railroad Must Be Rebuilt. STILLWATER, Minn., May 18.—A portion of the St. Paul & Duluth railroad, two miles from this city, will have to be practically rebuilt because of the storm. On the Omaha line trains run to St. Paul via South Stillwater and Hudson. The River Falls line is washed out so nothing can pass. A large bridge east of Roberts is gone.

CHOICE OF THE ARMY.

H. H. McDowell Elected Department Commander Illinois G. A. R.

ROCKFORD, Ill., May 18.—H. H. McDowell of Pontiac was elected department commander of the Illinois G. A. R. yesterday afternoon at the end of two ballots. The election of E. A. Keeler of Irving Park as Senior Vice-Commander and John R. Inman of Springfield as junior vice-commander was conceded in the morning. Mr. Keeler getting 248 votes, against 233 for Mr. Walcott, and Inman getting 247, to 234 for Barnum. The result was generally satisfactory, as no bitter feelings were engendered in the fight. By 7 o'clock all the votes had been counted, and the successful candidates were installed with a good show of jollification.

For medical director Dr. W. P. Pierce Post No. 115, Hoopeston, was elected. For chaplain Rev. Frank C. Brunner, Post No. 129, Urbana, was elected. Delegates and alternates to the national encampment were also selected. Resolutions eulogizing the present management of the orphans' home and recommending that all boys and girls be kept there until they are 16 years of age, instead of 14 as the rule is now, were adopted. The superintendent of public instruction was urged to declare memorial day a legal holiday for the schools.

The candidates for president of the Woman's Relief corps were Mrs. M. R. Wallace of Chicago and Mrs. Sophie R. Spaulding of Rockford, and the former, who was presented with a diamond-studded gold badge, was elected by a vote of 145 to 101. The other officers elected were as follows: Senior vice-commander, Mrs. Carrie Briggs of Delavan; junior vice-commander, Mrs. Jennie G. Harrison, Sterling; treasurer, Mrs. McCauley, Olney, re-elected; chaplain, Mrs. Morris, Marengo; executive board, Mrs. Craig, Springfield; Mrs. Bradford, Peotone; Mrs. Coffinberry, Chicago; Mrs. Sutton, Decatur; Mrs. Ward, Gibson City.

TRAMPS TERRORIZE OHIOANS.

Deserters From the Chicago Coxey Army Make Trouble.

LIMA, Ohio, May 18.—A gang of Randall's deserters made their way into the town of Delphos last night and made a great deal of trouble before they were run out by a posse of police and citizens. The marshal swore in a number of deputies, who made an assault on the gang. A battle followed in which men on both sides were wounded, and Pat Costello, the leader of the deserters, and several others were arrested. In the evening some of the deserters who escaped the officers made their appearance here and visiting the residence part of the city entered houses, demanded money from the women, and created a reign of terror until the police captured several of the party.

Kelly's Army Orderly.

BONAPARTE, Iowa, May 18.—The first boat of the Kelly fleet slid over the dam here at 3:10 o'clock yesterday and by 8:30 all were over with no damage beyond the wetting of a few sailors. A large crowd watched the passing of the dam. All is quiet, there are no deputies here, and no trains on the Rock Island. The fleet will reach Keokuk to-night. Kelly says that the Rock Island road need have no fears of any attempt to seize a train by his men.

May Attack Non-Union Men.

BOISE, Idaho, May 18.—Gov. McConnell has been advised serious trouble is brewing in Coeur d'Alene. Six hundred Coxeyites are now there and with union miners are threatening to drive out non-union men. This causes much apprehension.

Coal Famine Now Affects Canada.

MONTREAL, Que., May 18.—To-day all shops on the Grand Trunk system will close down owing to the coal famine. Coal dealers talk of forming a syndicate to bring coal from the Maritime provinces.

Senator Cullom's Daughter Dead.

SPRINGFIELD, Ill., May 18.—Mrs. Catherine Cullom Hardie, youngest daughter of Senator Cullom, died at Boston, Mass., at 9:30 last night.

Coal Famine Closes a Factory.

MONMOUTH, Ill., May 18.—The Mining and Manufacturing company has shut down owing to the scarcity of coal.

COAL STRIKE AS BAD AS BEFORE THE HALT

NOTHING ACCOMPLISHED BY THE CONFERENCE.

All Efforts to Compromise Rejected—The Men Declare They Will Fight It Out—Miners at Hillsboro, Ill., Return to Work—Other Notes From Labor Circles.

CLEVELAND, Ohio, May 18.—The conference of coal miners and operators came to an end yesterday, nothing having been accomplished. All offers of compromise were rejected and the miners declared their belief that any agreement that might be reached would avail nothing, as there were so many operators who refused to join in the conference and would not be bound by its action.

The convention was called to order shortly after 9 o'clock and Chairman Serbe called for a report of the conference committee. Every delegate in Case hall knew just what it would be—that no agreement could be reached—and there were no surprises in that.

After the committee had reported that no agreement could be reached, Operator H. L. Chapman of Ohio and a member of the conference committee made a brief address. He recounted the history of the committee meeting and said the operators offered a 65 and 56-cent scale, while the miners still held out for 70 and 79 cents. He said, in view of the present depressed condition and the strained condition of manufacturing interests, the operators could not concede the advance asked.

President McBride, for the miners, said he was willing to have a vote taken on the compromise offered by the operators, but he would guarantee the miners would be unanimous against it. He said: "There can be no compromise along the lines of starvation wages. The miners make no threats, but they stand together, peaceably, earnestly, and determined as ever, and will go on so, finishing the present fight and prepared for future fights."

The conference adjourned at 12 o'clock, and when it reassembled in the afternoon the speech making was continued. Mr. Chapman of Pittsburgh speaking for the operators and Patrick McBryde and John Cairns for the miners. Then President McBride of the Miners' union asked the operators and spectators to retire from the hall in order that the miners might hold a conference. This was done, and a conference lasting an hour was held. At its conclusion President McBride offered a resolution relating that, whereas a large number of operators who had refused to attend the conference, had refused the hand of conciliation and peace that had been extended to them, the miners believed any settlement arrived at in the absence of these operators would only add to and accentuate the miserable condition of the miners, and that it was impossible to make any settlement with the operators who had met them here.

These resolutions were offered to the conference as expressing the views of the miners, and as there seemed to be nothing more to do the conference adjourned sine die.

STRIKE OFF AT HILLSBORO, ILL.

Coal Miners Resume Work at the Wages Formerly Received.

HILLSBORO, Ill., May 18.—The strike in the Hillsboro coal mines practically ended yesterday, and the old men, except those discharged by the company, resumed work at the price they were getting before the strike.

UNIONTOWN, Pa., May 18.—Two hundred strikers attacked coke workers on their way to work at the Martin and Kyle plants yesterday, and after a pitched battle the workmen, assisted by deputies, dispersed the mob. A number on both sides were injured, but none seriously. The operators report more men at work than yesterday. All the foreigners employed by the Rainey company have been discharged and their places will be filled by southern negroes. Agents now in the south report no trouble in securing all the good workers they want.

DES MOINES, Iowa, May 18.—The only mine in this district in operation after the strike was closed yesterday. A delegation of 400 miners marched to the mine and the men at work laid down their tools.

CHARLESTON, W. Va., May 18.—All the mines in the Lewis Creek field are running. It is said every miner in the New River district would be working Monday.

NEEDS TWO HUNDRED DEPUTIES.

Strike in Indian Territory Coal Fields Assuming Dangerous Shape.

HARTSHORNE, I. T., May 18.—In anticipation of the threatened movement of the striking miners of Lehigh and Coalgate, United States Marshal McAlester, acting upon the instructions of Attorney-General Olney, has sworn in 200 special deputies. The miners are growing turbulent and serious trouble is feared if the strike is not soon settled.

Engineers Refuse an Invitation.

ST. PAUL, Minn., May 18.—The locomotive engineers yesterday discussed system federation. An invitation from the Northern Pacific for a ten days' trip through Yellowstone park, or three days through the wheat country, was declined.

SCHOONER WRECKED OFF MILWAUKEE.

TWO OF THE CREW PROBABLY DROWNED.

The M. J. Cummings Founders Just Outside the Pier and the Efforts of the Life Saving Crew To Rescue Those on Board Are Greatly Hindered.

MILWAUKEE, May, 18.—The schooner, M. J. Cunningham has foundered near the pier. The crew is in the rigging and it is rumored that two were drowned when the vessel went down. The life saving crew in making an effort at rescue were carried by the boat and capsized on a reef.

Tidal Wave on Lake Huron.

ALPENA, Mich., May 18.—A tidal wave varying from eighteen inches to three feet in height came up from Lake Huron yesterday morning. It had disappeared in about twenty minutes from the time it was first noticed and is supposed to be due to heavy squalls in mid-lake.

PORT ARTHUR, Ont., May 18.—The gale is abating, but the storm-bound fleet is still here.

ASHLAND, Wis., May 18.—The terrific gale on Lake Superior yesterday stopped navigation almost entirely. It is believed several large and valuable rafts of logs being towed to Ashland have been scattered by the storm.

SENATORS TO STICK TO TARIFF.

All Democratic Leaves of Absence Are To Be Revoked at Once.

WASHINGTON, May 18.—Senator Harris yesterday made his motion for a recess instead of an adjournment until this morning at 11 o'clock. Had the motion of the senator prevailed it would have prolonged the legislative day, as was the case during the silver and elections discussions, and no other business could have intervened. Tariff pure and simple must be considered, but against this the republicans raised the point of no quorum. Fruitless attempts were made to muster the necessary number and at one time the democrats came within three votes of the number required. It looked at the time as though an all night session was ahead, but at 10:30 o'clock Senator Harris backed down and a motion to adjourn prevailed. The struggle will be renewed to-day when all leaves of absence will be revoked on the democratic side.

A type-written paper, signed by Senators Cockrell and Harris as a subcommittee of the democratic steering committee, was circulated on the democratic chamber early in the day, urging democratic senators to remain in their seats until the leaders shall decide that the time for adjournment had arrived. The paper calls attention to the fact that on several occasions it has been necessary to break pairs to maintain a quorum after 5 o'clock in the afternoon, and states the importance of keeping a quorum of democrats present as long as the senate remains in session. The paper was favorably received generally among democratic senators. The paper is the outcome of a conference between Senators Cockrell, Harris and Voorhees and is supposed to presage an early effort to extend the hours of the daily sessions indefinitely into the evening. It is known that the democratic leaders are contemplating such a move.

When the tariff bill was taken up Mr. Gallinger for an hour and three-quarters continued his review of previous tariff legislation. He then yielded to Mr. Higgins (rep., Del.), who spoke at length on the effect of protection on prices. Mr. Allen (Pop., Neb.) engaged in a controversy with the Delaware senator and Mr. Palmer (dem., Ill.) also took a hand.

Mr. Morgan offered a resolution which, after reciting the existence of the Sherman anti-trust law of June 3, 1892 and the alleged existence of a sugar trust, called on the attorney-general for information as to whether any proceedings were pending against such corporation; if so, what stage they had reached; if not, whether in his opinion there was any defect in the anti-trust law.

A SEARCH BEGINS.

Lodge's Bribery Resolution Passed by the Senate Yesterday.

WASHINGTON, May 18.—The resolution introduced by Senator Lodge to investigate the charges of attempted bribery of Senators Kyle and Hunton, also the allegations that the sugar trust had made contributions to campaign funds, was discussed in the senate yesterday and passed with amendments that broaden its scope. Senators Cockrell, Hoar, Chandler, Faulkner and Vilas offered amendments which made the resolution a veritable dragnet, including all charges of bribery, all allegations of contributions by the sugar trust, directly or indirectly, to campaign committees or used in elections by either party, or that any senator had in any way been improperly influenced in the tariff legislation.

Senator Hansbrough read a letter from ex-Congressman Butt, asking an investigation. Senator Hunton asked a speedy investigation, as did Senator Harris. Senator Allen, in behalf of Senator Kyle, who was absent, declared that he would demand an investigation.

vestigation. Senator Allen made the resolution more specific by adding:

"Or whether any senator has been speculating in what is known as sugar stock while the tariff bill has been pending."

PUT WRONG SIDE UP.

Inexcusable Blunder Made in Armoring the Warship Columbia.

WASHINGTON, May 18.—There has been much interest in the navy department in finding out who made the mistake on the Columbia in placing the port hole plates of the four-pound guns. It was found that these guns could not be elevated, the tube being jammed against the top of the portholes. No error has been made in measurement. The explanation accepted as most plausible until a more extensive and practical examination can be made is that the officers who placed the plates in position reversed them so that the bottom came where the top should be.

CONTEST OVER IRRIGATION CLAUSE.

Agricultural Appropriation Bill Is Passed by the House.

WASHINGTON, May 18.—Among the bills favorably reported in the house yesterday was one by Mr. Chickering of New York, from the committee on railways and canals, to inquire into the feasibility of constructing a ship canal from the Hudson river to the great lakes. After the call of committees the house went into committee of the whole to consider the agriculture appropriation bill, and Mr. Richardson of Tennessee took the chair. Representative Herman (rep. Ore.) offered an amendment raising the appropriation for irrigation investigations from \$8,000 to \$25,000.

Members from Texas, California, and the arid regions of the west and southwest demanded one and two hours to discuss the paragraphs and amendments, while Mr. Hatch was willing to concede only twenty minutes. Then followed a period of filibustering, resulting in fixing the limit of debate at thirty minutes. Mr. Herman's amendment was defeated. Some minor amendments were adopted and at 5 o'clock the consideration of the bill was concluded, and the committee of the whole having risen the bill was favorably reported to the house and the previous question being ordered the bill was passed in spite of Mr. Marsh's efforts to recommit.

Ex-Congressman Clarke Dying.

WASHINGTON, May 18.—Ex-Congressman John B. Clarke of Missouri is lying in a critical condition. Gen. Clarke was for six years the representative of the Sedalia, Mo., district, and for the same number of years clerk of the house of representatives.

FOR THE CHURCH OF WALES.

A Manifesto Is Issued Against the Bill for Disestablishment.

LONDON, May 18.—A manifesto, signed by the English archbishops and by thirty-one bishops, has been addressed to the members of the Church of England in Wales.

The manifesto declares that the bill for the disestablishment of the church in Wales, if it should become law, would weaken the unity of the church and alienate the ancient gifts by which the service of God and the pastoral care of the people were maintained for centuries; that it would deprive the poor of their legal rights to seats in the churches and of the ministrations of the clergy to their sick and dying, and would reduce the church of Wales to penury, thereby impeding the worship of God.

M. EIFFEL MAKES TERMS.

Agrees to Take \$2,000,000 Panama Canal Bonds.

PARIS, May 18.—The terms of the compromise between M. Eiffel and the judicial liquidator of the Panama Canal company are that if a new company is formed Eiffel will take shares to the extent of \$2,000,000. He will also surrender Panama Mills now in his hands and accept in exchange lottery bonds. Should the company not be formed Eiffel will pay the liquidator \$1,000,000 and surrender the bills on the same terms.

Presbyterians Elect a Moderator.

SARATOGA, N. Y., May 18.—The 106th annual session of the general assembly of the Presbyterian church of the United States began in the First Presbyterian church of this city yesterday. Two votes for moderator were required and the second resulted in the election of Rev. Dr. Samuel A. Mutchmore of Philadelphia, who received 281 votes, while Rev. Dr. Arthur J. Brown of Portland, Ore., received 269 votes.

The Pullman Strike.

CHICAGO, May 18.—No attempt is to be made by the American Railway Union to stop the running of Pullman palace cars for a month at least, so President Debs said last night. Other means are to be found to win the strike at Pullman, or at least other means will be given a trial before resort to this extreme measure is had. The situation is unchanged.

POISONING BRANDT WAS MEYER'S CRIME

THE NEW YORK DOCTOR CONVICTED TO-DAY.

Jury Brought in a Verdict This Morning Finding Him Guilty of Killing Ludwig Brandt—Murder in the Second Degree Is the Way They Finally Voted.

New York, May 18.—Dr. Meyer was found guilty this morning of murder in the second degree for poisoning Ludwig Brandt. The case has proven one of the most sensational in New York in years.

Murdered by a Burglar. WALTHAM, Mass., May 18.—Councilman James Farrar of Rutland was murdered while trying to arrest a burglar. He was shot through the heart. The murderer was arrested and gave his name as Barrett, aged 51. Child Murderer Lynched.

JEFFERSON, Texas, May 18.—Henry Scott, colored, was lynched here last night for the murder of his 6-year-old stepdaughter.

RUSHED DOWN THE GRADE.

Northwestern Fast Mail Escapes a Runaway Train at Hurley.

IRONWOOD, Mich., May 18.—The passengers on the fast mail train of the Chicago and Northwestern had a narrow escape from death or serious injury yesterday. A string of eight cars heavily laden with iron ore got loose at the Aurora mine and made a rush down-grade, passing Ironwood at a high rate of speed. The fast mail, which was standing at Hurley, was notified and departed a few seconds before the runaway train dashed past the station, colliding with another train which passengers were about to board. Two coaches and the engine were smashed, but there was no loss of life.

Thousands of Sheep Perish.

SONORA, Cal., May 18.—The snow, rain and wind storm that prevailed in the Sierra Nevada foot hills during Monday, Tuesday and Wednesday was most fatal to sheep. In the ravines and besides the bowlders along the road the dead animals were piled two and three deep. Up to this date some 40,000 sheep have entered this country en route for the mountain ranges, and as all of them were caught in the storm it is a low estimate to say that one-third of them have perished.

No Hard Times in Alaska.

SAN FRANCISCO, May 18.—Among the arrivals from Alaska to-day was E. O. Sylvester, proprietor of the Alaska Herald at Sitka, and the Journal at Juneau. Mr. Sylvester says there is unusual prosperity in that country. Already over 200 miners have passed in via Juneau for the gold mines up the Yukon and among them were three or four women and several children, who will walk the long distance of 600 miles.

Well-Known Methodist Divine Dead.

BROOKLYN, May 18.—Rev. Dr. J. O. Peck, aged 60 years, died yesterday from Bright's disease. He was a graduate of Amherst college and joined the New Haven conference of the Methodist church. He had charge of a Baltimore church for three years and filled other pulpits. He was one of the secretaries of the Methodist missions.

Pittsburg Mills Prepare to Close.

PITTSBURG, Pa., May 18.—A coal famine here is practically a reality. Many of the railroad dealers have suspended business entirely. Work at Aldred & Bender's red lead works in Sharsburg was suspended Tuesday. This is the fourth plant to shut down. All mills in and out of the city are preparing to shut down. At the water works crude oil is burned. Gas is as scarce as coal and can not be got for boilers.

Warrants for a Coxey Army.

GREEN RIVER, Wyo., May 18.—United States Marshal Pinkham and ten deputies arrived here at 12:15 o'clock this morning with warrants for Sheffer's commonwealers. He will take them to Idaho for trial. He reports 200 commonwealers traveling by wagon from Weiser and numerous small parties going east over the Oregon Short Line.

To Decide Chinese Cases.

SAN FRANCISCO, Cal., May 18.—The United States Circuit Court of Appeals will decide on Monday next whether or not United States Attorney-General Olney's ruling upon what constitutes a Chinese merchant shall be permitted to stand. Judge Morrow has already decided that it was given in accordance with the law, but the Chinese appealed.

To Reclaim Much Land.

DENVER, Colo., May 18.—At the instance of Attorney-General Olney the United States attorney for Colorado has begun suit against the receivers of the Union Pacific railroad to annul patents on 7,280 acres of land in the vicinity of Denver, some of which is worth over \$100 an acre.

Georgia Populists.

ATLANTA, Ga., May 18.—The populist state convention here nominated J. K. Hines of Atlanta for governor. He was affiliated with the democrats until a few weeks ago, when he published a letter announcing his conversion to the doctrine of the populist party.

NEW PAVEMENT ROSE WITH THE FLOODS.

STORM DID MUCH DAMAGE AROUND TOWN.

Heavens Opened, and the Sprinkling Pot Was Tipped Over—Gullies Cut in Streets and Culverts Filled with Gravel—Then Just for a Change, It Snowed.

Part of the new paving at Main and Milwaukee streets must be relaid. The floods that came down East Milwaukee street lifted the half finished paving like a raft and washed three inches of mud under it.

Highways six inches in circumference broke windows in Emerald Grove and terrified stock. Rain, hail and snow alternated around the county with delightful impartiality.

The rain storm of yesterday afternoon and last evening was the most severe known in many months. The fall of water as recorded by Weather Clerk Burnham was two inches. While the damage is not as great as many supposed, the aggregate will reach considerable sum. Gullies have been put in many streets, gutters filled with sand and gravel drains choked up. A few house owners complain that their cellars were flooded by the overflow of gutters or by the clogging up of drains. The result of this storm adds another illustration to the worthless and expensive material now used in this city in building and repairing streets.

The lightning during the prevalence of the storm was vivid, but so far as learned very little damage was done. At 3:30 o'clock in the afternoon the fire alarm circuit in the First ward was struck, causing the bell to strike one blow. Damage was done to the alarm machinery, although it was not disabled. The fuse block at the repeater in the west side station was destroyed, and two or three of the street boxes suffered slight damage. Telephone lines were also damaged by the electric currents.

The greater damage, however, is the filling of gutters and culverts with sand and gravel. This will necessitate much labor and expense and Street Commissioner Hanthorn will have work before him for some days.

The change of temperature between 7 o'clock yesterday morning and 10 o'clock this morning was 50 degrees. This morning overcoats were quite comfortable, while people were complaining of the sultry heat the day before. As if to make the contrast more marked the rain turned to snow about 10 o'clock.

The forecast for tonight and Saturday is as follows: Fair and clearing tonight in the east part, continuing cooler with frost in west and north parts.

The temperature as recorded by S. C. Burnham & Co. during the last twenty-four hours was as follows:
7 a. m. 44 above
1 p. m. 38 above
Max. 44 above
Min. 35 above
Wind, north.
Two inches of rain fell from 1 p. m. to 6 o'clock Thursday and .26 inch since.

BIG HAYSTACKS AT THE GROVE.

Six inches in circumference is the size reported—Social Postponed.

EMERALD GROVE, May 18.—Haystacks six inches in circumference pelted down foliage, broke windows and terrified stock around the Grove Thursday afternoon. The storm was a violent one. The ice cream sociable which was to have been held this evening under the auspices of the cemetery association is postponed on account of rain until Thursday evening, May 24.

POTATO BUGS UNUSUALLY THICK.

Their Palate Now Educated to Accept Tomatoes With Great Relish.

Now that spring is fairly here the crop of potato bugs promises to reach extraordinary proportions. They have wintered in the ground and they are now coming out and attacking the tomato plants. It is singular that at first these bugs did not annoy tomato plants, and it took several generations of them to acquire a liking for these vegetables, although they belong to the same family as the potato. But when they did become educated up to the taste they took to it amazingly.

CHILD'S PLEA A PATHETIC ONE

Only a Hard-Hearted Parent Could Resist Such an Appeal.

Father, dear father, come home with me now, for ma has some carpets to beat; she's got all the furniture out in the road from the porch way down to the street. The stove must come down and be put in the shed, and the yard must be cleared of dead grass, for it's time to clean house and the devil's to pay—and the front windows need some new glass. Father, dear father, come home with me now and bring some bologna and cheese; it's twelve o'clock and there's nothing to eat—I'm so hungry and weak in the knees. All the dinner we'll have will be old scrapes and such, and we'll have to eat standing up, too, for the tables and chairs are all out in the yard—oh, I wish house cleaning was through. Father, dear father, come home with me now, for ma is as mad as a Turk. She's saying that you are a lazy old thing and proposes to put you to work.

HORSES TO GERMANY FROM HERE.

R. W. Ogilvie Sends Eight Trotting Stallions Across the Big Pond.

Eight head of standard bred trotting stallions left Janesville yesterday on route for Germany. R. W. Ogilvie was the shipper, and several of the horses were sired by Maxim, 2711, son of Belmont and famous Primrose. One is full brother to Maxim's fastest son, Mikado, 2:13. Mr. Ogilvie has been one of the foremost breeders of draft horses for many years, and expressed the belief that the heavy horse industry is bound to take an upward trend in the near future.

The Ad. Man.

You may talk about your editors who sit in easy chairs and try to boss the whole machine and put on lots of airs. And you may make the people think it's what they have to say. That keeps the business on the move and makes the paper pay. But don't you ever think it, for the whole truth simply is. The editor's not in it with that huge conceit of his. For there's only one essential in the whole newspaper plan—Success depends alone upon the advertising man.

The men who edit telegraph and write the within the little fields they fill may answer well enough: The sporting and dramatic men and small fry such as those

Who gobble all the passes and who visit all the shows; And likewise, too, the poets who insist they must rehearse

The simple things they have to say in blind and hating verse.

They, one and all, have understood since papers first began, That they were mere assistants to the advertising man.

'Tis true the advertising man has naught to do but talk, Yet he's the one who, after all, permits the ghost to walk.

For while the editors their pens in trashy stuff engage, He talks on something worth the while—the advertising page.

And if you'll but investigate sufficiently you'll find He works more men and hours than the others all combined.

To him belongs the victor's crown—this brave catches-catch can. Keen, money-getting, business-booming advertiser man.

FRED VANKIRK GETS THE POST OFFICE.

REPUBLICAN APPOINTED UNDER GROVER C.

Gipsies Boss the Country Around Footville—Clinton Man Tossed Fifteen Feet by a Train—Children's Day in Afton—Dr. E. L. Eaton's Lecture Thoroughly Appreciated.

CENTER, May 18.—Fred A. Vankirk who came out from Janesville to manage his creamery and run the Center store is gradually coming to "possess the earth." He was appointed postmaster for Center Thursday. J. S. Conrad, the former dispenser of the mail resigned and the fact that Fred was a republican did not prevent his securing the place. Mr. Quimby and wife, of Evansville, attended divine service here Sunday. Henry Mott, of Janesville, was out here Monday seeing how the work on his farm was progressing. Assessor Sylvanus Walihan is confined to his bed with rheumatism. Children's day will be observed at the Christian church June 3. Elder Goodacre has been some time at Platteville. Corn planting is now a thing of the past, and the warm weather is starting it finely. John Snyder and wife started for Richland Center on Wednesday, called there by the illness of his sister. Frank Owen is now supplying his patrons here with fresh meat, having started his wagon.

TIFFANY CREAMERY BUILDING.

Will Handle 20,000 Pounds of Milk a Day—Two New Shops Promised.

TIFFANY, May 18.—The new creamery is in process of construction, and will be ready for work in a couple of weeks, fully equipped in the best style, with two separators, and ready to handle 20,000 pounds of milk daily. P. V. Bacon, who had a stroke of paralysis last week, is better, and hopes are entertained of his recovery. Fred Day has a new shop, and is drilling a well and getting ready for steam machinery. He intends to make tank building his principal business. There is also a prospect of the Dow mill being put in operation before long. Memorial day will be observed at the village by services as usual. The committee have secured a speaker, the band will be on hand, as well as the singers, and the Woodmen will all attend as an organization. It is expected that the old soldiers and people generally will be invited to attend at one of the churches the Sunday evening before and listen to a patriotic sermon. Corn planting will be generally finished this week, after which the honest granger will dispose of his wool at ten cents a pound; his tobacco for three cents and then thank God for a return of the good old democratic times. Alston D. Parker is traveling for the Van Deusen gas machine. Last week while among the strikers down in the coal mines in Illinois, he was repeatedly held up by the scouts, and required to give his pedigree and personal history. He finally brought up in Joliet, from whence he made his escape to his home last Sabbath. The fruit trees are setting full, and the prospect for a generous supply has never been better. Charles Nye is very popular as a candidate for treasurer in this section, also David Throne for school superintendent, for the reason that he makes a good, faithful officer.

CLINTON MAN HIT BY A FREIGHT

John Beck Knocked Fifteen Feet and Badly Hurt.

SOUTH CLINTON, May 18.—John Beck who is engaged as a farm hand at Ole Runnengen's while returning from town by way of Northwestern track last Saturday night was overtaken by a freight train and being unable to get out of the way in time was thrown twelve or fifteen feet. When picked up in an unconscious condition, it was found that his right clavicle and a rib had been fractured. He was taken back to Clinton on the freight and placed under the doctors care. Though quite seriously hurt he will recover. There will be a social next Friday evening at Stark Iverson, the proceeds of which will go to help pay the debt of the United church. An open air gospel meeting will be held in K. B. Duxstad's grove next Sunday p. m. Henry Natesta spent Thursday in Beloit.

TOBACCO PLANTING IN MILTON.

Soverhill & Porter Warehouse Has Been Running.

MILTON, May 18.—The Soverhill and Porter warehouse is working a small force of sorters and packers this week on new leaf for Weil, of New York. A freight train now arrives here from Janesville at 12 o'clock noons and returns at 1 p. m., which is quite an accommodation to our people. Conductor Evans who was responsible for the wreck west of Milton Junction last winter, began running again this week. City Treasurer Fathers and Janitor Nelson, of Janesville, were the guests of Du Lac lodge, last Monday evening. Edward Home of Home Bros., West Duluth, spent a portion of the week with his Milton relatives. Corn planting is nearly finished and in some fields the corn is up. Grain, grass and gardens are two or three weeks ahead of last year and doing nicely. Mrs. Burno, of Chicago, visited with Milton relatives this week. Mrs. Jackson is dangerously ill with bowel and stomach troubles. F. C. Dunn went to Chicago Wednesday night to buy goods. Tickets for the King's Daughters' festival are on sale at Clarke's book store. If you can't go buy one and give it to a friend who is not able to buy.

Palmiter & Son and their families are now located in their new house on High street and have one of the finest residences in the village. There was a great demand for the Janesville Recorder early in the week on account of the "church news" it contained. Mrs. E. M. Jordan, of Chicago is visiting relatives and friends in the village. George W. Lanphere and wife of Smythe, S.D., are enjoying a two week's visit with old friends and neighbors here. J. C. Goodrich is delivering ice in the village at reasonable prices. This is an innovation that ought to be appreciated by a liberal patronage. Mr. and Mrs. Anderson of Poyssippi, parents of Officer Anderson, are making a visit here. Charles Swan made a business trip to Juda Wednesday. George Bacon is making a noticeable improvement on his house by giving it a coat of paint. Mrs. Caroline Fort, an aged lady died at the residence of her mother, Mrs. A. M. Hall, Wednesday. Mrs. W. H. Summers and daughter have gone to West Falmouth Beach, Mass., where they will spend the summer with kindred. Miss Mamie Field, who has been in the employ of Mrs. M. W. Greene, the milliner, for some time, was married to Dell Brown on the 12th inst., Rev. E. M. Dunn officiating. Sunday evening Rev. W. H. Summers will discuss the labor question at the M. E. church, his subject being "Bricks Without Straw." The literary society of the intermediate department in the public school have an ice cream social in the park Tuesday evening. Editor Spence spent Sunday at La Crosse. Rev. W. H. Summers has been granted a six weeks' vacation by his churches here and at the Junction.

E. L. EATON LECTURED IN FAIRFIELD

Audience Appreciated His Talk—Concert Friday Evening Was a Success

FAIRFIELD, May 18.—Rev. Dr. Eaton held the close attention of his audience while he traveled among the planets and stars last Tuesday evening, and many enjoyed viewing the moon and Saturn through the telescope. A good house greeted the young people at their concert last week Friday evening. The Richmond orchestra rendered some fine music which was highly appreciated by every one. The elocutionists, Misses Daniels and Stevens, of Sharon, captivated the audience from the first. Mrs. G. A. Horne entertained an uncle from Whitewater last week. Rev. Walter Cole will give his lecture "The Rejected Stone," on Tuesday evening of next week. Hanging May baskets seems to be the fad of the village. Several from this vicinity attended Rev. G. Hammond's stereopticon series at Emerald Grove last Saturday evening. B. Conry is receiving new goods and selling off the old stock at reduced prices. Give him a call when in town. Miss Maude Chamberlain, of Beloit, is the guest of her grandparents, Mr. and Mrs. James Chamberlain. Rev. Mr. Dexter, of Clinton, preached an able sermon at Bradford Center last Sunday afternoon, and will occupy the same pulpit May 27 at 3 o'clock p. m.

GIPSIES CAMPED NEAR FOOTVILLE

People Bothered by Their Importunities—Strawberry Social Without Berries

FOOTVILLE, May 18.—A large band of gipsies have camped west of here and are making life a burden to the people of the neighborhood by their persistent calls. The strawberry social at William Ross' Tuesday evening was well attended and although the strawberries were missing they were well substituted by other fruit, which was quite as acceptable, and the strawberries will be on hand later on. Footville can now boast of having a full fledged dentist, Dr. Griswold, of Minneapolis, he having his office at the residence of Superintendent Ross. Dr. Lacy has been unable to attend to his patients, he being sick; so A. W. Buck delivered prescriptions in his stead. The society of Christian Endeavor went to Hanover and held a meeting Sunday evening, which was well attended. Miss Cora Smiley has reorganized her music class here, and makes weekly visits to this village. Many of the citizens here have gone on fishing excursions, camping one or more nights. John Dann will run the meat shop for F. W. Owen this summer. C. S. Crow and daughter, Miss Lottie, of Evansville, are visiting at Ora Shaw's.

OLIVE HUGGETT WEDS IN PORTER

Henry Gray of Janesville Was the Groom—Will Redding Has a Runaway.

PORTER, May 18.—Miss Olive Huggett of Porter and Henry Gray of Janesville were married week before last, and are residing with the groom's people in Janesville. Will Redding had quite a runaway one night last week, the buggy was broken, and the horse returned to the barn in Edgerton. The ladies T. A. society are making arrangements for a Grand May party to be given in Stewart's Hall, Fulton, May 25. Those receiving invitations may consider themselves fortunate. Thomas Burns is about to build a new house. D. E. McCarthy spent Sunday with relatives in Burr Oak. Corn planting is the program for the week. Miss Frances Rooney and Mr. R. Curran of Edgerton was here on Sunday. Dame rumor has it that one of "Limericks" young men is about to take unto himself a wife; if such is the case congratulations are surely in order.

CRIME TO BE SIFTED IN COURT NEXT WEEK

BURT HORSE STEALING CASE COMES FIRST.

After That Frank Baldwin Will Be Put on Trial Charged with Killing Loren F. Finch at Mayflower Park Last Summer—Sheriff Bear Summoning Witnesses.

Sheriff Bear is one of the busiest men in this goodly settlement just now, for beside all the civil business of the sheriff's office he is summoning the witnesses for the criminal trials in the circuit court next week. There are a number of cases on the calendar. It is expected that the Burt horse stealing case will be the first one taken up and when that is completed Frank Baldwin will probably be tried on the charge of murdering Loren F. Finch at Mayflower Park. He was indicted for the crime by the grand jury. Finch received a death stab while fighting at Mayflower park. Mr. and Mrs. Baldwin and Miss Olive Anderson who were with him at the time say the cutting was done by persons unknown. Since his indictment Baldwin has admitted nothing and public opinion as to the merits of the case is divided.

CORN PLANTING NEAR CAINVILLE.

Most of the Fields Are Ready—George Drafaul in a Runaway.

CAINVILLE, May 18.—Corn planting is nearly all done and some is coming up. Mr. Rovolt has had a barn put up which is quite an improvement to the place. Emma Drafaul is on the sick list. Mrs. Emma Moons, who hails from Juda was out here on a visit. O. F. Collins feels quite proud of his hired man. J. F. Shoemaker is doing well in his little store. George Drafaul's horse ran away with him the other night but no damage was done. A number of May baskets are being hung in our neighborhood by some of the young folks.

CHILDRENS' DAY IN AFTON

Baptists Set Apart the Second Sunday in June For That Purpose

AFTON, May 18.—The Baptist Sunday school will observe the second Sunday in June as Children's day. L. E. Hills is improving his property here by the erection of a new front fence. John C. Wilson, of Ashmore, Ill., occupied the pulpit of the Baptist church last Sunday. The eight switches in the C. & N. W. yards here as well as the signal targets on the depot, have been brightened by a fresh coating of paint. Lawton & Co. are erecting a storage building at the rear of their store. C. H. Antisdel has torn down his former dwelling and will erect on its site a more modern and pretentious structure.

THOSE POPULIST GOVERNORS.

The country has observed, of course, that the populist governors not only gave their tacit endorsement to the "industrial armies" organized in or passing through their respective states but also officially favored and encouraged these organizations, even when they were openly and flagrantly violating the laws. If they had cared to do their duty, the progress of the "armies would have been stopped much sooner, and the majesty of the law would have been vindicated in a much more appropriate and effective way. But that would not have suited the political element which they represent. They could not have acted in that market without antagonizing populist doctrines and sentiments. The party to which they belong has no respect for the established institutions of society. It is infused with pernicious ideas that the prevailing agencies and methods of government are all wrong and detrimental, and that they may therefore, be put aside by the discontented and unemployed whenever such a course seems to be necessary and expedient. In other words the difference between Coxeyism and Populism is one of name only, and not of belief or purpose.

HIS VESTED INTEREST.

Wisconsin has politicians who resemble Colonel Breckenridge in one respect—they act upon the theory that when a man is elected to an office he gains a vested right, which the people should recognize in future contests. They hold, practically, that it is for the incumbent to say how long he shall retain a position, and that his claims in that respect are superior to those of anybody else. The voters of Colonel Breckenridge's district are asked to give him another term in congress because they have already given him several terms the implication being that the title thus secured to the office is sufficient to warrant a decision in his favor, notwithstanding the miserable scandal with which his name is so infamously associated. If he were not now holding the place, he would hardly venture to try for it, and surely the people would not think of preferring him over other and more reputable candidates. It comes to this, then, that he is seeking a reelection on the ground that the office belongs to him because of a vote of respect and confidence previously obtained under false pretenses, the people then believing him to be a decent and worthy man when in fact he was a glittering fraud.

Somebody ought to be jailed for this sugar trust business; either the newspaper men who charge that Mr. Cleveland and the democratic managers in congress sold out to the trust for a \$500,000 campaign contribution and a chance to work the sugar market, or those who sold the people out.

The difference between the McKinley law and the tariff bill after the proposed amendments are adopted will be that one gives protection to all while the other proposes to give it in spots, the biggest spots being occupied by the trusts.

No wonder Cleveland and Gresham wanted to get away from telegraph communication for a while; they knew that sugar trust exposure was to be made and preferred to be out of the way of public indignation.

There is probability in the report that it was Croker's greed that drove him out of the job of bossing Tammany, the most profitable employment on earth. He got rich too fast even for Tammany.

The sugar trust is certainly playing for big stakes. The amendment it

has secured to the tariff bill will, if it becomes a law, add \$50,000,000 to the profits of the trust within one year.

There is nothing surprising about the proposed combine of the democrats and populists; there is very little difference between them. Seven out of every ten democrats throughout the country want just what the populists do, but few of them have the courage to publicly say so.

The women of the Breckenridge district seem to be more concerned about the honor of their representative in congress than the men. There must be a large number of Phil Thompson's kind of them in that district.

Many democratic congressmen are writing one way to their constituents and voting quite another way in congress, which is not flattering to the intelligence of democratic voters.

Most of the Coxeyites are unemployed because they do not wish to be employed. They have refused work when it was offered.

Col. Breckenridge, like all the rest of the wrongdoers is down on the newspapers. If it were otherwise editors would feel hurt.

Gorman's and Carlisle's presidential chances went down under the weight of the sugar piled on them.

Large Buyers Have The Pull.

Tomorrow Ziegler will have another hat sale. He purchased a few days ago twelve cases of hats, all the latest styles. They are now in his house and ready for your inspection. There seems to be some kicking among competitors because he sells so cheap, but then when one stops to think, it is not unreasonable, for in the case of hats, while the firm of Browning, King & Co. of which Mr. Ziegler is a partner buys one thousand cases of hats, another will buy two or three dozen, of course it is not hard to see that Ziegler gets the lowest prices. Everything Mr. Ziegler advertises he can produce. See the price list on the eighth page and go there tomorrow.

Triumphant March.

It seems as if the elements and all competitors were combined against Bort, Bailey & Co. yesterday in their effort to sell Fruit of the Loom muslin and other goods. It is true that the weather did keep away considerable business, but they had the satisfaction of knowing that they were the only dry goods house in the city that was anywhere near busy. In spite of the weather hundreds bought there on those two days. When Bort, Bailey & Co. advertise anything the people know it is true. Read their large advertisements from day to day, they will interest you. Another on the eighth page today.

Promises Fulfilled.

It never pays to mislead or promise something one cannot perform. Brown Bros. & Lincoln promised a russet shoe sale for tomorrow and until all their russet shoes are gone. This sale commences in the morning. They have 500 pairs of russets alone to select from, more than all the shoe houses in Janesville carry. They will offer them for sale, commencing tomorrow morning. For terms and prices see the 4th page. A saving of at least 33 per cent. is assured. Such a slaughter of russet shoes was never before known in Janesville. No one can come within a mile of them in prices. Lower than the lowest.

Trade Edition of the Gazette.

The manufacturing resources of the city will be summed up in a trade edition of the Gazette which is now being prepared. The space will be liberal, but orders should be placed as early as possible. A complete write-up of the city's interests will be included.

Hooping Up.

Our elegant line of negligee shirts. You should see them, at 50 cents and upwards. Some dealers ask 75 cents for what

we sell at half a dollar.

TOO MUCH WIND

Is being wasted by our competitors, who lead in everything (Fairy tales not excepted) as to the immense amount of business that they are doing—on paper mostly—by selling their wares less than cost. Merchandise that must be sold for less than the cost to manufacture must be exceeding poor or of such an antique date that any price is gain.

We do not have that kind of goods in our place. We are making up many suits—busy all of the time and making some profit—the reason is that our customers get honest value for their money—any who have ever dealt with us can verify the above.

IN HATS

We always were in advance on new things—selling so many keeps our stock bright and clean. If we would let the old timers accumulate we would gladly take 50 cents on the dollar for them. Our new straws are in and are charming. Some beauties at 50 cents. One price to all and everything marked in plain English figures. Yours, Etc., KNEFF & ALLEN.

Shoes and Ties.

Brown Bros. & Lincoln.

From now on our heaviest selling will be in Light Weight Shoes and Ties. We've an immense assortment of the newest and best styles at very attractive prices. Doubt and hesitation are not factors in this business. We eliminate every cost beyond single handling and producer. We made preparations for a Shoe Sale.

500 Pairs Russet Shoes.

F. F. PRENTICE DEAD
AT LONG BEACH.CALIFORNIA SUNSHINE COULD
NOT SAVE HIM.

All Direct Evidence of the Stroke of Paralysis Suffered Last Summer Disappeared, But His Vitality Was Not Maintained—A Life That Was Governed by Good Impulses.

From sheer physical exhaustion Frederick F. Prentice closed his eyes last night.

Out on the Pacific coast, of whose restorative influences so much had been hoped, he quietly passed away, and the news came back to Janesville to sad friends who can be numbered only by including all that ever had the pleasure of personal contact.

The first dispatch was to W. E. Evenson from Mr. Prentice's sister and was very brief. It read:

LOS ANGELES, MAY 17.—W. E. EVENSON:—Fred died this evening. Interment at Los Angeles Saturday, May 19. Mrs. E. V. TERRY.

The death occurred at the home of Mrs. Terry, Long Beach, a few miles from Los Angeles. There Mr. Prentice went after his strength gave away last summer. As will be remembered partial paralysis resulted from his exposure to the heat. Devotion to his little nephew led him to join in a game of ball at Crystal Springs, and soon after his return to town he complained of pain in his head. Unconsciousness followed and the symptoms convinced doctors at once that a blood clot had formed on the brain.

Looked to the West for Health

For days Mr. Prentice was unconscious but he finally rallied and with renewed mental clearness seemed to gain physical energy. He was advised to try a change of air and as soon as he was able to travel went to his sister's home at Long Beach. Favorable reports were returned at first. He was out of doors constantly, he wrote. Later he was able to indulge in ten mile walks. For two months, however, the news has not been so good. There was no recurrence of the brain trouble, but a manifest sapping of physical vigor.

"I am forced to realize that I am growing weaker," he wrote to a friend nearly a month ago. "I feel that this letter will be the last you will receive from me."

It was not his last, but advice from his sister who was watching over him with the tenderest solicitude showed that the end was not far away. Letters received in the last three days were not discouraging but Janesville friends were prepared for the worst.

Nothing more is known of the funeral arrangements than was given in the first dispatch.

His Life An Earnest One.

Fred. F. Prentice was a Rock county man by birth. He first saw light in Magnolia November 29, 1852, his parents being Joseph Christopher Prentice, who died in 1854 and Anna Elizabeth Prentice, who died in this city, in 1885. Left early without a father, he grew up to be the stay and support of the one who cared for him in his youth. He came to this city when a boy and he and his partner, W. E. Evenson, took positions in Orange Williams' drug store together.

Entering Ann Arbor University he graduated with high honors and went back to the Williams store. He stayed there until some time after Hackett & Bailey bought the place and then he and F. C. Sherwood bought out the Roberts' drug store where Palmer & Stevens are now located. He remained there a year and a half, then went to Chicago and Kenosha and fifteen years ago came back to go into the partnership that has endured ever since.

Not in any limited circle did he exert an influence. So gentle, true-hearted and withal so forceful was his nature that he could not fail to make friends and to inspire these friends with some of his own attributes.

Thoroughly democratic in his sympathies, it was impossible for him to draw a line between young and old, or rich and poor, and the fineness of his sensibilities appealed to all. His loss will be keenly felt in the Bower City.

LAST week the Duluth and Superior flouring mills produced 48,939 barrels.

Monroe Band Engaged—Decorating of Business Places—Bid For Fireworks.

Fourth of July entertainment bubbled over at the meeting in the Carlington office last night. A. E. Rich, from the east side, reported that \$334 had been subscribed, and William M. Cunningham, from the west side, reported \$481 subscribed, making a total of \$815, with a good prospect of raising it to \$900, several liberal donors not yet having been heard from.

W. T. Vankirk reported that a good speaker would be secured. After some discussion the Monroe band of nineteen pieces was engaged. This is the second best band in the state. An effort will also be made to employ the Bower City band. Special decorations of business places was urged and the committee on advertising was directed to bill all the country within a radius of thirty miles. The purchase of fireworks was discussed by some of the committee and it was suggested that a list be made of what will be wanted and local merchants be asked to bid on it. The plan was endorsed as a feasible one. The meeting adjourned to next Friday evening, May 25, at the same place at 8 o'clock.

SALESMEN'S PARTY A SUCCESS.

Armory Never Looked Handsomer Than When the First Waltz Formed.

All the beauty that bright lights, rich curtains, handsome toilettes and

a glittering array of plate glass mirrors could add to the Armory, helped to make the salesmen's party a success last night. Johnny Smith's orchestra was hidden behind a bank of flowers, and seemed inspired by the surroundings, the music being exceptionally fine. Fully one hundred couples joined in making the salesmen's first party a success and insuring its annual repetition. The committee of arrangements on whom the labor of preparation devolved was made up of Louis A. Hemmens, John Boyes, Frank Brown, Frank George and Manley J. Hemmens.

ROSE TEA FOR MRS. RANDALL

Delightful Social Event at the Home of Mrs. C. D. Stevens

One of the most elegant as well as pretty social events of the season was given yesterday afternoon, by Mrs. Charles D. Stevens, in the form of a rose tea in honor of Mrs. George M. Randall. The house was decorated with flowers, the dining room being a very bower of beauty, the table one mass of smilax and roses. The refreshments were elaborate and were served in a faultless manner. Those present were:

Mesdames—George M. Randall, A. H. Barrington, George McKee, Charles Hodson, H. D. McKinney, F. F. Stevens, William Ruger, Hamilton Richardson, John J. R. Pease, B. B. Eldridge, W. H. Judd, E. B. Helmstreet.

LOCAL SHOOTERS AT CHICAGO.

H. H. McKinney and F. P. Stannard are Up Among the Prize Winners.

Janesville is represented at the big clay bird tournament at Chicago by B. H. McKinney, F. C. Burpee and F. P. Stannard, the former Janesville gunsmith, now of Milwaukee. Mr. Burpee is not shooting, but Mr. McKinney is among those who get on top of the heap and is among the prize winners. Mr. Stannard is also among the "cracks" when they count up the score. Ed Bingham, who is nominally from Janesville, he being a brother of Ira Bingham of Lake Koshkonong is also doing well. He is now manager of the sporting goods department of Montgomery, Ward & Company's big Chicago store.

Mrs. Robert L. Brown.

Mrs. Rilla Cheney-Brown, wife of Robert L. Brown, died at her home in Riverview park this morning, of consumption, aged twenty-nine years. Deceased was born and raised in Emerald Grove. She leaves a husband and two small children to mourn her death. Funeral services will be held at the home on Sunday afternoon at 2 o'clock. The interment will be at Emerald Grove.

PELTON HEIRS WAR
ABOUT \$50,000.FAT BELOIT ESTATE FOUGHT
OVER IN COURT.

Mental Unsoundness on the Part of the Testator Is Alleged by Those Who Were Left Out—Jury in the Brown-Teubert Case Could Not Agree.

The Pelton will contest is now on trial before Judge Bennett being, an appeal from Judge Sale. David M. Pelton of Beloit died leaving property valued at \$50,000 which he willed to certain of his relatives. The will is contested by relatives who are not remembered in the document, they claiming that the old man was not of sound mind when the will was executed.

Disagreement in the Brown Case.

In the Tiebert-Brown case the jury was unable to agree. The first ballot stood six for the plaintiff, five for the defendant and one blank. The second ballot was six each for plaintiff and defendant. After considerable argument three of the jurors were brought over to the plaintiff, making nine for the plaintiff but there they stuck. The case will not be tried again at this time of the court. Sutherland & Nolan appeared for the plaintiff and Ed. F. Carpenter for the defendant. The defendant accused the plaintiff of stealing ten hogs and on that charge he was arrested and subsequently discharged. The question at issue was whether the defendant was justified in causing the arrest of his tenant. A brother of the plaintiff, the plaintiff's wife and hired man were also arrested and each brings a separate action, placing their damages at the sum of five thousand dollars each.

Arrested Late at Night.

Brown, at the first trial attempted to show that his information about the disappearance of the hogs came from a little son of Teubert. On the witness stand the boy did not verify this allegation, but on the second trial he admitted that his father told him not to tell. The Teuberts allege malicious prosecution from the fact that they were arrested at their home at 11 o'clock at night, after being in the city all the day, and at once lodged in jail, Mrs. Tiebert with the others. They say that it was the aim of Brown to thus get possession of the house and give it to another tenant.

BUILDINGS AND TREES DOWN

Hail Storm Played Havoc in the Town of La Prairie

The storm was terrific in La Prairie yesterday afternoon and much damage was done to growing crops and trees. On Supervisor Tarrant's farm the hail stripped the foliage from the trees, and the orchard of Joseph Dockeater was terribly damaged, half the trees being torn down. Hail stones as large as hen's eggs were picked up after the storm. Many trees were torn up by the roots, and many more were broken down by the high wind. Many buildings were blown down in the south part of the town. The damage is quite heavy.

ENCAMPMENT BANQUET TONIGHT.

Royal Purple Degree to Be Conferred on Four Candidates.

Members of Rock River Encampment of Odd Fellows will have a social time this evening at Odd Fellows' hall. Four candidates will be instructed in the Royal Purple degree. Visitors from adjoining encampments will be present, and enjoy the banquet which is to follow the work.

More Proofs.

Because a merchant says he leads and makes the best clothes (and charges the biggest prices) it does not prove the matter. Your careful inspection of work and prices is invited. You will find something besides wind. Yours respectfully, J. D. HOLMES.

Are something that everybody doesn

PRaise THE SHAW FOR MANY MERITS.

FAMOUS PIANISTS PRAISE THE
GAZETTE PRIZE.

Everybody Who Has Examined the Instrument at S. C. Burnham & Co's Says the Things Said in Its Favor Were Justified—Conditions of the Contest.

What is thought of the Shaw piano by pianists, vocalists and teachers. This is not hard to find out.

When The Gazette chose an instrument it picked out the best to be had. The girl who wins this instrument may well rejoice. Here are a few statements published in St. Paul papers by those who have used the Shaw:

OSCAR L. LIENAU, tenor singer and teacher of the voice writes:

ST. PAUL, MINN., AUG. 2, 1892. GENTLEMEN: I am extremely pleased with the Shaw Piano, which I purchased of you. I have used it for some months and consider it a superior instrument. Its clear full tone and elastic touch is a delight not only to myself, but to my many friends, its sweet singing quality being especially noticeable, and I shall be pleased to recommend it to my pupils, etc., I am, yours respectfully, OSCAR L. LIENAU.

Frederick Leavitt, the expert piano tuner:

ST. PAUL, MINN., MAY 1, 1892. GENTLEMEN:—As compared with other first class instruments, the Shaw piano has the charming characteristics of each—all in one. Not a break in the scale. No rattling in the action. Never harsh nor metallic in tone. Stays in tune. Such is my admiration for the piano that I would not trade, "even up" for any upright made. My own Shaw has not required any attention during the past year and is in almost perfect tune now. Yours respectfully, FRED. LEAVITT.

Professor William Manner, organist at the Cathedral and leader of the German Mannerchoir Singing society says:

ST. PAUL, MINN., MAY 6, 1892. I admire the Shaw Piano very much. Their construction is most excellent, the tone is round, rich and mellow, and altogether I consider them one of the very best pianos made today in this country. I can cheerfully recommend them. Respectfully yours, W. MANNER.

Those who wish to learn for themselves the quality of piano offered by the Gazette are urged to visit S. C. Burnham & Co's store. Several patterns of the Shaw are there shown. These instruments rank in the markets of the country just as Chickering, Steinways and Knabes, the four occupying first place. Everybody who has seen the Gazette piano is enthusiastic in its praise. It has a pure ringing tone, and its action is very fine. These qualities are what would be expected of a Shaw piano and The Gazette made no mistake in choosing that instrument.

Friends of contestants show a lively interest in the success of their favorites and votes are coming in rapidly. Names of other candidates will be added as fast as votes are received. Only bona fide candidates will be allowed. The rule that nobody is permitted to enter merely to represent an organized society will be strictly enforced.

From now until the contest closes a coupon will be printed in each issue of the Gazette.

1. Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

2. Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

3. Only one person can be voted for on one ballot.

6. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano Company can make.

7. The contest will close June 30, 1894. Piano will be delivered as soon as the counting of votes is completed.

8. Any person who will bring The Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

We will be square with you, you must be square with us. No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

The polls will close at 9:00 p. m., June 30, but votes handed in before this will be duly credited. The contest will be conducted strictly "on the square." No partiality or unfair advantage will be taken or allowed in any case.

It will astonish you how quick Johnson's Magic Oil will kill all pain. Sold at Smith's pharmacy; 25 and 50 cents.

GOWNS FOR LITTLE GIRLS.

Other Fashions For Both Sexes of the Rising Generation.

This season's hats for little girls are large and mainly trimmed with flowers and ribbons. They are seen in all colors and a sufficiently wide assortment of shapes. Some of the prettiest are in light or mixed straw and chip, trimmed with bunches of field flowers—poppies, daisies and cornflowers grouped together and sometimes combined with buttercups and grasses. All red straws trimmed with poppies and red ribbon are also seen. Red is a beautiful color and always looks well on children.

A neat suit for a little boy is of black velvet bound with braid. It has a short jacket, with square corners open in front over a frilled lawn waist either all white or trimmed with color, having a wide collar.

LITTLE GIRL'S CHALLIE FROCK.

lar and turned back cuffs. The breeches are tight and fasten at the knee with a black ribbon and steel buckle in the old fashioned way.

A variety of dainty baby caps are shown for warm weather wear. They are of the usual close hood shape, tying under the chin, but are composed of extremely open embroidery without a lining, and are therefore cool and comfortable. There are also a number of beautiful little jackets of thin woolen goods, unlined and more or less ornamented, particularly attractive one was of bluish pink crepon.

Long leggings of black, brown, tan and scarlet leather are still worn by little boys. Shoes for both boys and girls are square toed and spring heeled, which is a very sensible fashion. Scarlet shoes, worn with red stockings, are especially pretty for very little girls and are no more costly than the tan colored ones. Patent leather shoes are also made for children, but it is an unyielding sort of material and seems too stiff and formal for the wear of little people, who are never well dressed unless they are wholesome and comfortably dressed.

A sketch is given of a challie gown for a little girl. It has a box plaited skirt and bodice and close sleeves with a shoulder puff. It is finished at the neck with a standing collar and is trimmed with velvet rosettes.

Where Summer breezes Blow.

Would you fly if you could
To a glen in the wood,
To a spot in the shade
That nature hath made,
Rich with ferns and wild flowers
One of nature's fair bowers?

What is life to the soul
If to labor is all?
What a joy to the heart
When for rest we depart
To the woods and the dells.

Does your heart ery for rest
In a place that is best,
With no shadow or sorrow
Nor care for the morrow?

If so, send your address for a list of "Summer Tours," published by the Chicago, Milwaukee & St. Paul Railway, Geo. H. Heaford, General Passenger Agent, Chicago, Ill.

Is very far from amusing, untraveled reader, I go to you are one. A rebellion fomented by each mountainous wave that smites the vessel's hull threatens absolutely to dislodge your very vitals from their natural resting place, and a nausea so frightful that it would reconcile you to a termination of your sufferings by shipwreck. Well for you then, or rather before this crisis, if you are provided with Hostetter's Stomach Bitters, a swift remedy for and preventive of the nausea of travelers by sea or land, nervousness caused by the vibration of a railway screw of a steamer or the jarring of a railway train, and an antidote to bowel, liver and stomach troubles caused by impure water and unaccustomed food. The Bitters also, counteracts the effects of fatigue and exposure, and is a safeguard against malaria, rheumatism and kidney trouble.

BLACK DIRT

Bort, Bailey & Company.

Why do we sell such quantities of new and fashionable goods so much below prevailing values? Simply because the immense volume of our steadily increasing business and our ability to pay cash down for everything we buy have had the result of giving us a commanding power over prices in the whole market, where we can buy regular goods, fresh, bright and new, at less than many houses have to pay for the floating wreckage of importers, and manufacturers' mistakes. Hence the fact that all our offerings are in new goods, and that all our bargains have the true ring of values about them.
